

THEVISIONPLACE

Frame manufacturers typically warranty frames for one year from the date of purchase. This warranty generally covers manufacturing defects such as stripped screws, broken nose pads, loose hinges, or dislodged jewels or logos.

However, the warranty does not cover damage caused by the patient, such as sitting on the frame, the frame snapping due to external force, or damage from a pet chewing on the frame. Any damage that is not a manufacturing defect is not covered.

**Additionally, please do not attempt to glue the frame, as this will void the warranty.**
